STATE NEWS.

The gross earnings of the Rutland railroad for August amounted to \$296,567.95, an increase over the same month in 1906 of \$6,049.63.

Rain every day of the Rutland county fair last week ran the association between \$900 and \$700 in the hole. All premiums will be paid in full, however.

In a base ball game at West Rutland, William Hayes, a telegrapher, broke his arm by throwing too hard. He was pitching a fine game when suddenly, as he raised his arm to deliver the ball, that member dropped helplessly by his side.

Judge and Mrs. Ailer W. Field of Lincoln, Neb., are visiting his brother, C. T. Fairfield, of Rutland. Judge Field, when running against W. J. Bryan for election to Congress, faced the great commoner in a series of 40 debates throughout Nebraska.

The September term of Windham county court opened Monday at Newfane, Judge Seneca Haselton of Burlington presiding. The docket indicates that the term will not be of more than average length. The breach of promise suit of Miss Katherine Dunlevy against E. J. Fenton of Brattleboro is one of the cases set for trial.

Five men are at work in the Orange copper mine about one mile northeast of the upper village in the town of Stratford. This mine was worked many years ago and an inclined shaft is down 100 feet, from the foot of which a cross cut has been driven back on a level 45 feet. Drifting has been done right and left from that, 15 feet in each direction on the vein. This is one of the properties owned by John B. Reynolds, John A. Peterson and Lovat Fraser, all of New York. Mr. Fraser began work the first of last July by installing a steam boiler, hoisting engine, air compressor, duplex pump and power drill.

A Well-Conducted Savings Bank

The Northfield News comments on the success attained by the Hyde Park Savings Bank in the following very complimentary language:

The assets of the Lamolite County Savings Bank and Trust Co. of Hyde Park, have passed the million dollar mark, as already noted in these columns. President C. S. Page is receiving the hearty congratulations of the press and many people upon its success—for this is one of the pet enterprises of Vermont's genial ex-Governor.

It must be conceded also that Mr. Page has succeeded as well in the banking line as in other directions in which he has won the reputation of being one of Vermont's most successful business men. It may also be noted that no man in the world believes more thoroughly in the judicious use of printer's ink than Mr. Page and advertising has been a factor in the upbuilding of this bank.

Mr. Page has conducted his bank on original lines for his motto has always been, "Vermont money for Vermonters to foster Vermont industries and develop Vermont enterprises."

It has been Mr. Page's boast that not a dollar of this bank's money was ever loaned outside of Vermont, and while no other banking institution in the state accepted such a proposition for itself for years, the happy tendency of late among many of the financial institutions has been to seek home investments. The Hyde Park bank pays four per cent interest. Congratulations to President Page upon the success that his bank has attained under his years of good management.
